

DELTA

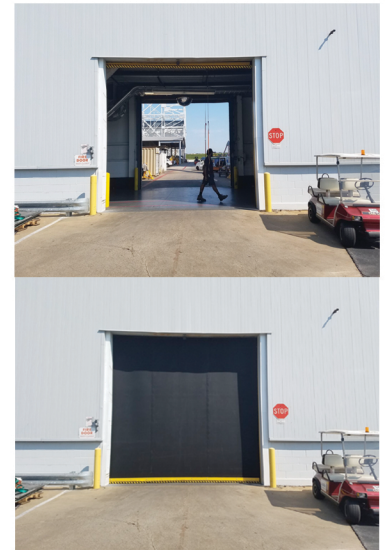

COMPANY PROFILE

DELTA AIRLINES

About Delta

What started as a humble, little aerial crop dusting operation called Huff Daland Dusters in 1924 has now grown into one of the world's largest global airlines, helping more than 160 million travelers get to the places they want to go to each year. Delta strives to conduct its operations in a socially and environmentally responsible manner and gives back to the communities it serves.

- Application:** Busy vehicle traffic at the world's busiest airport!
- Replaced:** Vinyl high speed door
- Problem:** The existing vinyl high speed door was not withstanding the exterior conditions, letting in the element. It also had high maintenance and repair costs associated with impacts
- Solution:** **PerforMax MaxSpeed™**

"ABM Facility Services and Delta Air Lines are extremely pleased with our PerforMax High Performance Door. Our new 15' x 15' MaxSpeed Rubber Roll Up Door has far exceeded our expectations. A superior product that we trust will provide reliable performance for many years to come. PerforMax has provided ABM and Delta Air Lines with an affordable product that will most likely change our facility standard for roll up doors."

About Performax

PerforMax Global brings new technology to commercial/industrial door applications that provide businesses with increased productivity, reduce energy consumption, and improved safety. With our global reach we can provide you the best products and customer support anywhere in the world.
