5 CROZERVILLE ROAD ASTON, PA 19014

MAXFREEZE™

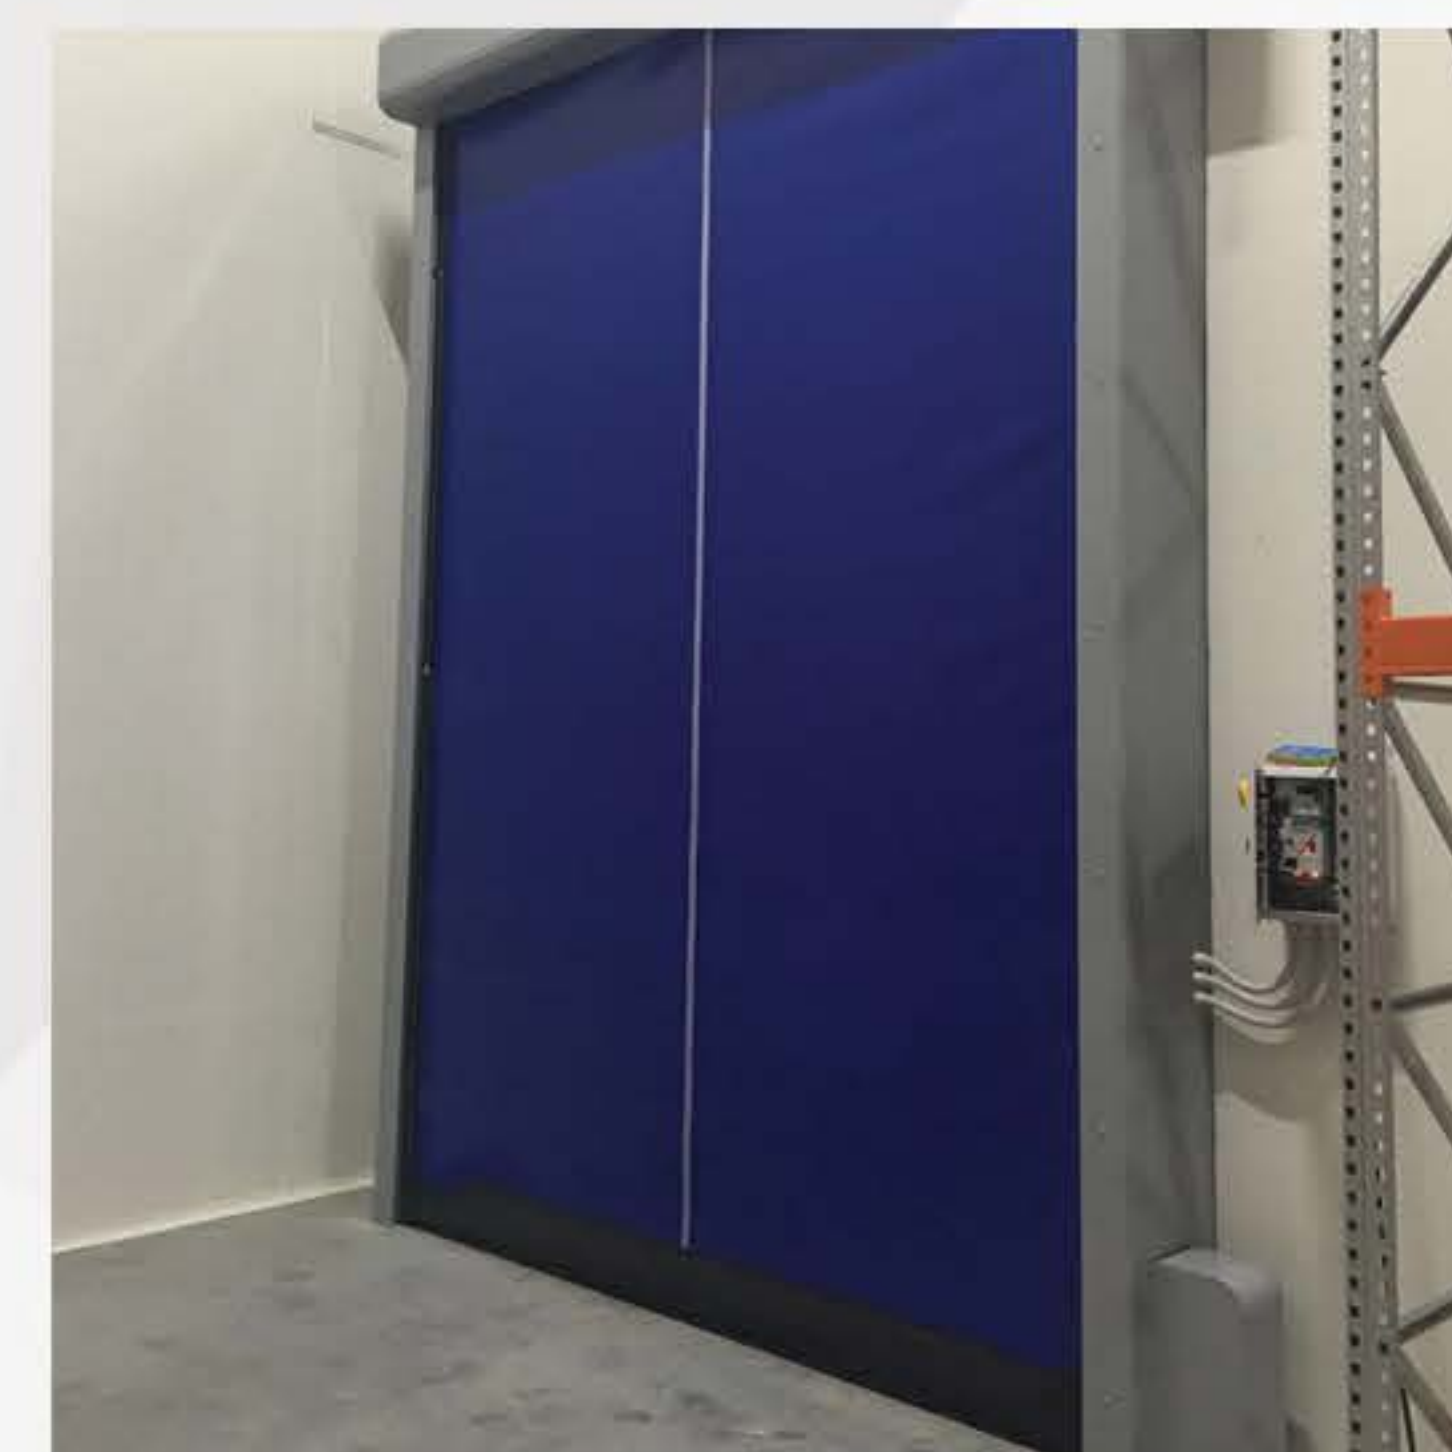

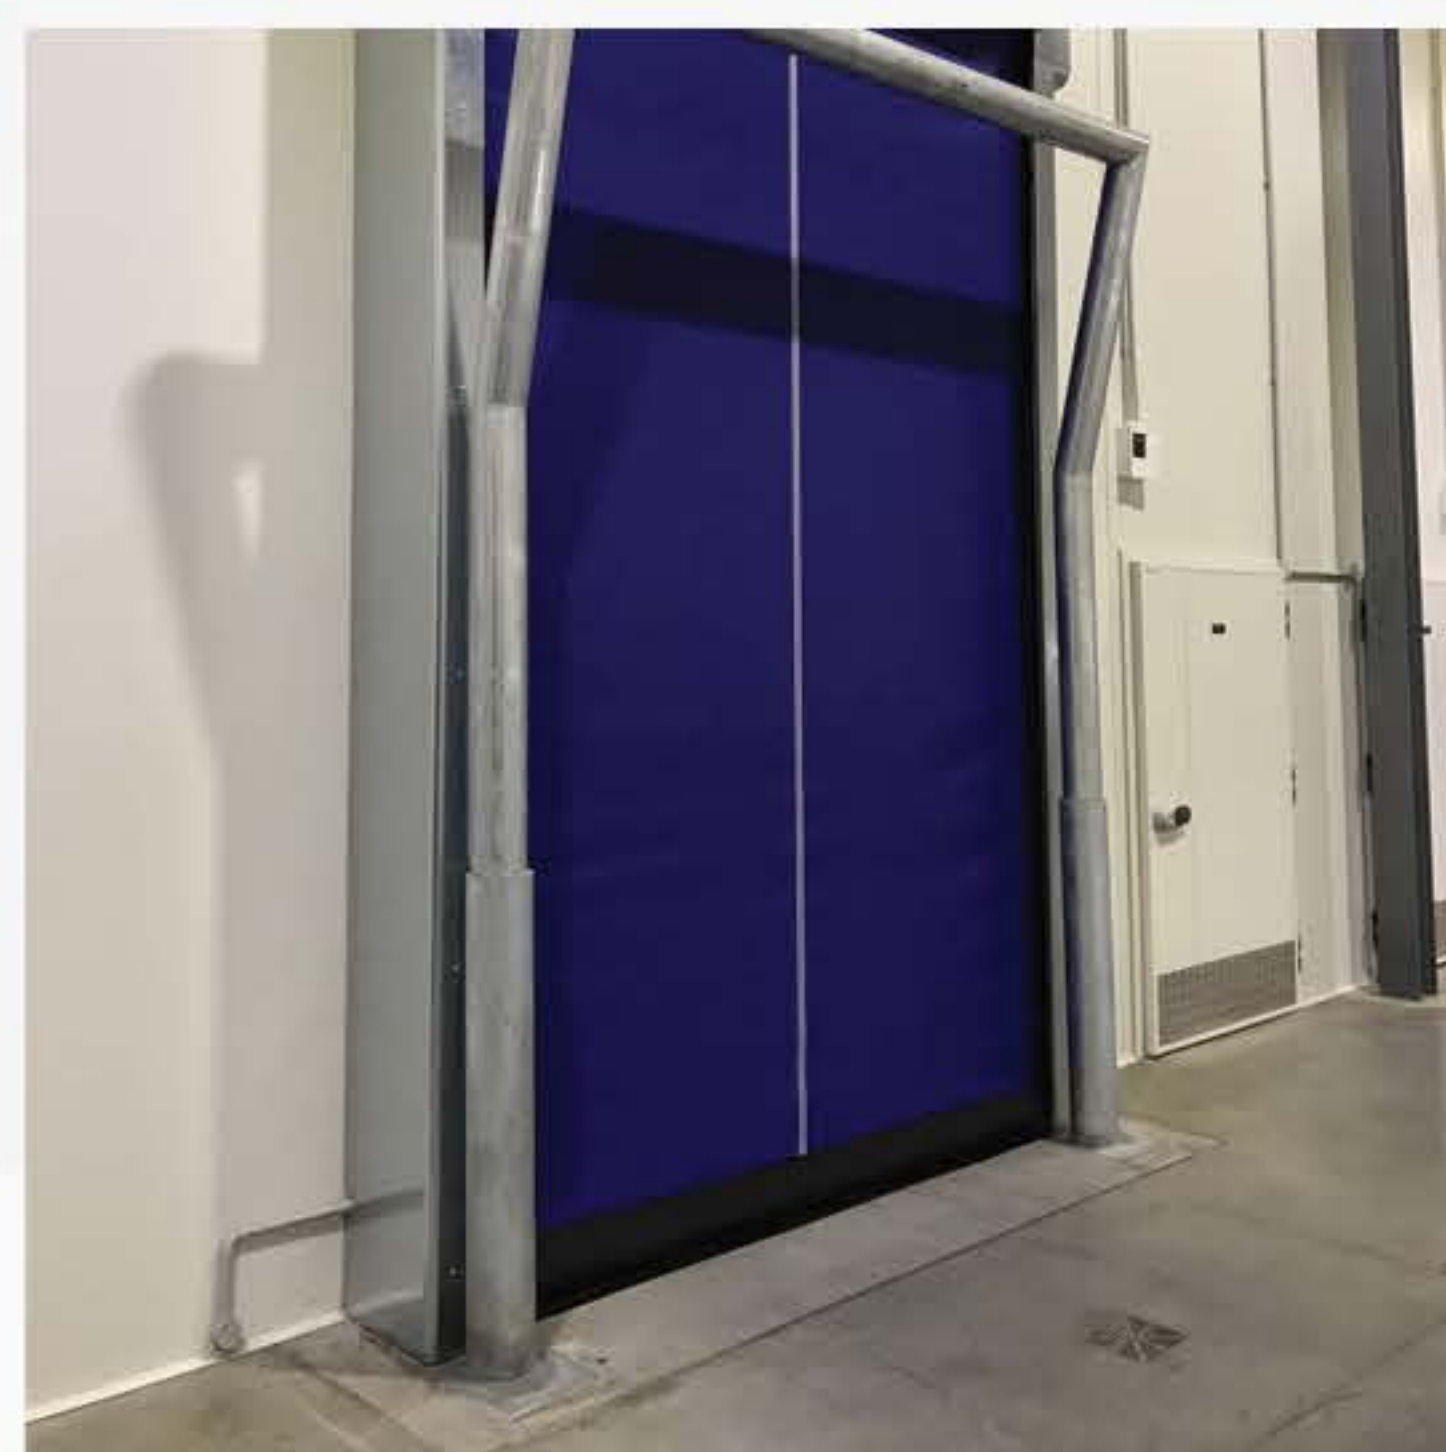

YOUR HIGH SPEED SOLUTION FOR FREEZER APPLICATIONS

BENEFITS

- High-speed impactable door with soft bottom edge
- Offers a high degree of thermal insulation and avoids heat dispersion
- Innovative double curtain low energy cost design
- Fast operating speeds reduces cold air loss

FEATURES

- Two curtains rolling simultaneously to create a controlled air space minimizing condensation
- Curtain remains frost free from climate controlled vestibule at the lowest energy expense
- Galvanized steel frame with option for powder coating or stainless steel guides
- Direct drive springless motor requires minimal maintenance and provides a safer operation

GENERAL SPECIFICATIONS

*EACH COLD STORAGE APPLICATION HAS DIFFERENT REQUIREMENTS. PLEASE CONSULT YOUR PERFORMAX GLOBAL SALES REPRESENTATIVE FOR MORE INFORMATION.
