5 CROZERVILLE ROAD ASTON, PA 19014

MAXSPEED™

THE TOUGHEST HIGH SPEED RUBBER DOOR AVAILABLE!

BENEFITS

SAFE, springless operation reduces injury associated with torsion springs
Impactable design reduces maintenance, repair costs, and decreases downtime
Fast operating speeds reduces air infiltration which leads to reduced energy costs
With opening speed with up to 48" per second, productivity and traffic flow increases
Optional patent pending soft bottom edge reduces damage to heavy equipment upon impact
Limited Lifetime Warranty on our reinforced 1/4" thick rubber curtain

FEATURES

Flexible curtain releases from guides upon accidental impact with breakaway system
Simple springless design with only five moving parts provides reliability and longevity
Direct Variable Frequency Drive Control Panel: self-diagnostic display and easy to use, mounted with clearly marked OPEN/CLOSE/STOP.
Dual Loop Safety edge for an airtight seal
1 million cycle standard rating on drive system
